

Posturepedic<sup>®</sup>

*Elevate Ultra*

**Sealy** Posturepedic®  
Support you trust. Comfort you'll love.

# WHAT SLEEP INNOVATION FEELS LIKE

## SLEEP SUPPORTED

6% improvement in deep-down back support

## SLEEP UNDISTURBED

75% reduction in lateral movement  
18% reduction in motion transfer

## SLEEP COOLER

Instant cooling effect with  
the Ice-Touch® Technology

## DESIGNED & TESTED, SO YOU WAKE UP RESTED

Inadequate spinal support can result in back pain, discomfort, and restless nights. For the best sleep possible, we've engineered an advanced coil system designed to intuitively adapt to your body's unique weight and movement, supporting your body's natural alignment. Because when you're well-supported at night, you can get straight into your day.

# WHAT INNOVATION FEELS LIKE.

## POSTUREPEDIC® TECHNOLOGY

Not all mattresses are created equal. In the heart of the Elevate Ultra Collection are premium-quality components designed and built to provide orthopedically-correct support for mornings that are free from back pain and improved posture over time.

### ALIGNSUPPORT™ COIL

Sealy's patented two-stage coil system that intuitively senses your weight and responds to maintain your body's natural alignment. It's twice-tempered and made from Titanium alloy for uncompromised durability.

Ti (TITANIUM)  
is a trademark  
of Sealy

### SMARTEX®

A special fabric treatment that draws moisture away from the surface to cool and regulate your sleep climate.

### COMFORTCORE®

Located at the center third of the mattress, the ComfortCore® is composed of layers of ultra soft foam that offer a greater level of conformance to the lower back where support is needed the most.

### UNICASED® XT TECHNOLOGY

Sealy's patented advanced edge support system that wraps around the coil system for a more stable and wider sleep surface.

### ICE-TOUCH® TECHNOLOGY

The Ice-Touch technology provides an instant cooling effect on the skin helping you fall asleep more quickly and comfortably.

### LIFTRIGHT® WRAP HANDLES

Wrap handles are located on each corner and side of the mattress as additional gripping points to make moving your mattress easier.

# THE POSTUREPEDIC<sup>®</sup> DIFFERENCE

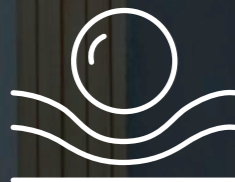

At Sealy, 'Posturepedic' isn't just a catchphrase; it's a commitment to a precise set of standards that define our product design, production, and testing.

A Sealy mattress is one that combines comfort, support and durability.  
Each of these qualities is equally important and measurable.

## SUPPORT

It's not just about support for the sake of it; it's about delivering orthopedically correct support. Posturepedic mattresses are designed in collaboration with the Orthopaedic Advisory Board in order to provide what is the scientifically proven best sleep position.

## COMFORT

To qualify as a Posturepedic mattress, the internal comfort layers must offer minimal pressure on the skin, improved heat dissipation and reduced partner disturbance.

## QUALITY & DURABILITY

Our commitment to excellence extends to longevity. A Posturepedic mattress is designed to consistently deliver the promised benefits for years of repeated use. To guarantee this, we subject our mattresses to rigorous fatigue and durability tests, in addition to conducting regular component quality assessments.

Sealy Posturepedic's long standing craftsmanship and commitment to innovation guarantee unparalleled support and comfort for you and your family.

**10  
YEAR**  
Guarantee

When you purchase a Sealy Posturepedic®, you are choosing a trusted bedding brand. Each component is of the highest quality so you can enjoy your mattress for many years to come.

## FIND THE RIGHT FIT FOR YOUR SPACE

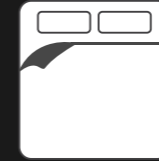

### SIZING INFORMATION

(width x length, cm)

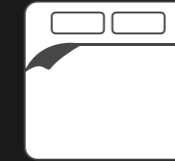

All dimensions are nominal

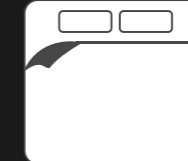

Full  
137 x 198

Queen  
152 x 198

King Standard  
183 x 198

King US  
193 x 203
